

Software specifications

| Chapter number | Software required (With version) | Download links to the software | Hardware specifications | OS required |
|----------------|--------------------------------------|---|--------------------------|--|
| All | Swift programming language version 4 | http://www.swift.org | No official requirements | macOS Sierra or higher Ubuntu 14.04, 16.04, 16.10 |

Detailed installation steps (software-wise)

See instructions on <http://www.swift.org>

Unless noted in the book, most of the code will run on Swift for Linux or macOS however the downloadable code uses Swift Playgrounds and XCode projects which requires an Xcode installation on macOS.
